Engineers are on a mission to make the world a better place

Tomorrow’s Engineers Week (#TEWeek19) aims to change perceptions of engineering among young people, their parents and teachers and to inspire future engineers.

The campaign shows how engineers working in all sectors are on a mission to make the world a better place.

We know there are many ways that engineers make the world a better place, so we’ve made it easier than ever for engineers across the country to get involved in the Week with a range of actions depending on how much time you and your engineers have!

What to ask your students and academics to do

Tomorrow’s Engineers Week (#TEWeek19) takes place 4-8 November 2019.

Students and academics can:

• Encourage schools to register for the Tomorrow’s Engineers Week Big Assembly
• Be part of our #EngineerOnAMission by creating their own social media posts using the templates here
• Create a team of Tomorrow’s Engineers Week champions to coordinate activity internally and encourage colleagues to create films and images for social media
• Share the news stories, films and other social content from our channels:
  • #TEWeek19
  • facebook.com/TomorrowsEngineers
  • twitter.com/Tomorrows_Eng
  • youtube.com/TomorrowsEngineers
  • instagram.com/tomorrowsengineers
• Badge any relevant events taking place during the Week as part of Tomorrow’s Engineers Week and let us know about them so we can publicise them further
• Visit tomorrowsengineers.org.uk/teweek for templates and more ways to get involved
#EngineerOnAMission
We’ve got some great stories of engineers using their skills to solve some of the world’s biggest issues. We’d love as many people as possible to join in with the campaign:

On a short mission
We’ll be creating a series of films and social media content showcasing some inspirational engineers on a mission – Follow our channels and share this content throughout #TEWeek19

A mission in a day
Take inspiration from our heroes and create your own #EngineerOnAMission social media posts

Tomorrow’s Engineers Week
Big Assembly
The first Tomorrow’s Engineers Week Big Assembly last year was a huge success with over 850 schools taking part!

The Tomorrow’s Engineers Week Big Assembly takes place at 10:30am on Wednesday 6 November, with the on demand version ready 24 hours later. Students will be able to hear first-hand from inspiring engineers who are on a mission to make the world a better place.

It’s easy for schools to take part in the Big Assembly so help us spread the word to any schools that you work with by asking them to register at www.bigassembly.org/register-tew

Why not suggest engineers from your university go into local schools and inspire them about what they are doing on the same day?

The Big Assembly is sponsored by:

Share the highlights
To keep up to date on all of our latest news and updates follow our channels:
• #TEWeek19
• facebook.com/TomorrowsEngineers
• twitter.com/Tomorrows_Eng
• youtube.com/TomorrowsEngineers
• instagram.com/tomorrowsengineers

If you would like to be the first to hear about our updates and to be a Tomorrow’s Engineers Week champion to coordinate activity from your organisation please join our mailing list by emailing teweek@engineeringuk.com

Tomorrow’s Engineers Week is led by EngineeringUK. To find out how to get involved, visit www.tomorrowsengineers.org.uk/teweek

Tell us about your events and news stories
If you are staging any relevant events during the Week, badge them as being part of Tomorrow’s Engineers Week and let us know about them so we can publicise them further.

Help us spread the word by posting content in your newsletters, on your website and across social media using #TEWeek19.
